“ My deepest condolences to the family of Louise Green as I knew her by that name. I never met this wonderful woman in person, but have talked to her several times on the phone and could tell she was a wonderful mother and a woman meant to fly on up to Heaven. I don't know any of her children with the exception of Carla Hearn with whom I have been friends with for 52-1/2 years. I naturally know Ken & Scott as I first met them when Frank (RIP) went to Ireland with the school band back in March of 1977. Louse, fly high on the wings of your special dove and you are already with your family who predeceased you! Your family left here on earth loved you so much and will miss you tremendously, but they understand why you needed to pass over.
