

James A. Alexander

November 19, 1945 - October 9, 2021

James A. Alexander died peacefully in his Napa, California home on Saturday October 9, 2021. Born on November 19, 1945, he was the loving father of Jennifer, Nichole, Katelin (Benjamin Hayes), Andrew and Darby and grandfather to Zoe, Zac and Reagan.

If you could see life through his eyes, you would see a series of beautiful photographs where his friends and his family blend with magnificent landscapes to create his stunning works of art. Jim was an avid photographer who never thought of himself as an artist, but his collection of landscapes would say otherwise. Over the years Jim took thousands of photographs that perfectly show the wonder of nature and generate a look of awe in the viewer's eyes.

If you could walk in his shoes, you would dance through life to the music and laughter that created the soundtrack of his world. Jim's laughter was as infectious as his smile, and he kept the rhythm with the drumbeat of his heart.

In his lifetime he was devoted to creating and growing an abundance of wealth and happiness for those who were both his clients and dear friends. He

took this devotion and turned it into a successful career culminating in the role of President of Carneros Capital Management. Jim helped many people understand the markets, both personally and professionally. Sitting down and talking with him you always knew you would walk away with a much better understanding of whatever topic you were discussing, financial or otherwise.

Jim was beloved by so many. His loss will be felt for many years to come. The family would like to invite friends to join them on what would have been his 76th birthday, November 19th at the offices of DeDora and Carneros Capital, 1600 Main Street, Napa at 11 AM for a celebration of a life well lived.

“ Knowing that Jim was a very private person, this may not come as a shock to most of you. Jim was adopted at birth by his loving parents the Alexander's. My sister and I have been trying to locate him for many years. His biological mother kept this secret very close to her heart. She would not or didn't know how to help us in our search. It wasn't until December 2019 when Jim put his DNA into Ancestry that there was a connection. Our niece loves family history, she was the catalyst to bring us together. She called at 6:00 am on December 7th to say she had received a call from a man who was on Ancestry. He believes this my uncle and your brother. I can't explain the excitement we felt to think our search may finally be over. After we all tried to check things out we realized, our family was complete.

Jim came to Washington to meet us. What a weekend we had, comparing notes and discovering how many close misses we had in the past. Jim also stopped in Oregon on his way home to meet his newly found niece. Our families are ecstatic at this discovery, knowing how long and hard we have been searching.

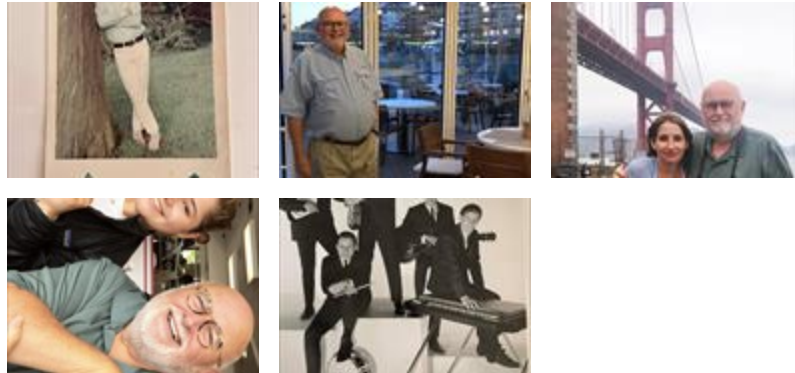

We have stayed in touch and Jim had been back to Washington to visit. It had made our life complete to finally know that this wonderful man is our brother. At this time we would like to say we are just meeting his children, we are anxious to make them part of our family.

To Jim we would like you to know , our time was not enough. There is a spot in our hearts that longs for you each and every day. We love you and thank you for looking for us, as hard as we were looking for you. We will not let our story end here, we want to know your family and friends. You are a beautiful person and we are so glad you have had a wonderfully blessed life. You leave us with memories of your smile and warm hugs. We loved looking at the world through your eyes in your photos, they are breathtaking. You are truly a magnificent man and our lives have only been enriched by knowing you. Until we meet again, we love you and miss you everyday. Love, Sherry and Carla
