

## Nadine Ruth Shortall

July 27, 1944 - November 27, 2014

Nadine R. Shortall, 70, a longtime resident of Napa, died suddenly Thanksgiving Day, 2014. Nadine recently stated: "I never thought I would live to see 50; I have lived a crazy life but I wouldn't change it for anything." Nadine was adventurous, daring, fun-loving, independent, smart and she had rhythm! Could she ever dance!! In her youth she was a Duncan yo-yo champion; she attended modeling school in New York City, and even worked briefly as a Playboy Bunny. She was an avid sailor who built a sailboat and who crewed in races in San Francisco Bay; a dedicated angler; a world traveler; and an accomplished golfer. She played golf in Ireland and recently visited the golfing mecca St. Andrews in Scotland. Nadine held a variety of jobs during her working career, among them as a machinist/inspector at Mare Island Naval Shipyard and programmer at Dey Laboratories. She earned an A.S. degree at Napa Valley College, was certified by UC Davis as a hazmat specialist; she also earned a lifetime A-plus computer certification. Nadine leaves many friends and her loving sister, Dianne Shortall of Santa Cruz; her cousins Arlene Hoover, Edward Shortall, Herbert Potter and Carol Detweiler; and her devoted companion bichon frise, Jack Frost. Donations in Nadine's memory to Hospice of Napa Valley are suggested. A celebration of life will be held at the Trancas Steakhouse, at a date to be determined.
